

Alexandria Department of Planning & Zoning Community Meeting

Thursday, November 10, 2005 7:00pm

Jefferson Houston School, Multipurpose Room, 1501 Cameron Street

Braddock Road Metro Area Plan

Participate in the future of your neighborhood!

The Alexandria Department of Planning & Zoning invites you to participate in a community meeting to discuss the form of new buildings and land uses in the Braddock Road Metro Area. We will present and discuss with you options for retail, open and public space, and the form of new construction. As part of this discussion, we will talk about some concepts for the future of the Braddock Road Metro Station. Participants will focus in on the concepts and provide input for further evaluation and refinement of alternatives.

On December 1, 2005, the Department will host a second community meeting focusing on pedestrian safety/transportation and parking. The meeting will begin at 7:00 pm and will be held in the multipurpose room at Jefferson Houston School, 1501 Cameron Street.

***Join us to make the decisions that
shape your community's future.***
